

VACANCY PLANNING OFFICER CONSTRUCTION AND/OR STEEL

Come and join our business office as Planning Officer Construction and/or Steel.

We are looking for a planning officer who wants to organise and support every project into every detail.

Excited about this vacancy, but not quite there yet when talking about required working experience? For this vacancy you can also apply as a Junior; our colleagues will be happy to train you on-the-job!

Job description:

You will have a hands-on position in our business office. You will work closely with our purchasing department and the project manager with whom you will be executing a project. And you will have direct contact with your colleagues of engineering, workshop and assembly.

You are responsible for the technical preparation of workshop/assembly orders plus the effective and efficient progress of the primary process.

Projects will be national and international, in Dutch and in English.

Depending on your growth and level of independence, authority on independently coordinating purchases is possible. Our Operational Manager is your direct executive.

Which qualifications do we look for:

- Your communication is effective
- You ask questions pro actively
- Your work is well organized and accurate
- For the support of our purchasing department we count on your ample knowledge of prices and possibilities in the market
- Lean is your thing; you keep thinking on how things can be made simpler and cheaper, and you can convince your colleagues of this
- Flexibility in switching between different projects and different phases of the projects
- Good level of English (spoken/written) is a preference
- Demonstrable technical knowledge of and experience in building and/or steel on an intermediate vocational education level

Our commitment to you:

Our company goal is a qualitative, long-term and durable working environment

- A market based salary with good secondary terms and conditions of employment
- Working from home for 1 day per week can be discussed
- Possibility to follow education and training
- Friday-afternoon-fun with colleagues
- In company work-out with colleagues at the end of a working day
